

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.10 High Capacity Zone Density Plan

The High Capacity Zone Density Plan is applicable to DS1 and DS3 high capacity services as set forth in Section 7.2.8 preceding and OC3, OC12 and OC48 OptiPoint services as set forth in Section 7.2.13 preceding. The Zone Density Plan will become effective concurrent with the first operational Expanded Interconnection arrangement, as described in Section 17.1 following, in the relevant Telephone Company study area.

The channel termination and channel mileage (fixed and per mile) rates applicable for high capacity services subject to the Zone Density Plan are dependent upon the zone in which the Telephone Company serving area is located. Channel mileage provided between wire centers in different zones will be assessed the rate for the higher zone. Specific Zone Density Charges are set forth in Section 7.5.8 following. Term Discount Plans available for services provided under zone density pricing are set forth in Section 7.5.10 following. The zones for each Telephone Company serving area are identified following:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan(A) General

The Special Access Term Discount Plan (TDP) applies to Special Access Digital Data Service (56.0 and 64.0 kbps), High Capacity DS1 (1.544 Mbps) and DS3 (44.736 Mbps) services, DS3 to DS1 and DS1 to DS0 Multiplexing, and Shared SONET Ring Service. The TDP provides the customer with discounted rates for the services listed. The customer agrees to a minimum service commitment per service on a state or national basis when the TDP is established.

In order for a circuit to be eligible for TDP pricing, the customer must commit a channel termination and/or multiplexer associated with that circuit to a TDP. The commitment level for a circuit will be based on channel terminations and/or multiplexers. For purpose of determining the term discount plan commitment level for Shared SONET Ring Service (SSRS), a Ring Connection equates to a Special Access Channel Termination. Customers may disconnect or move channel terminations and/or multiplexers within the committed area (i.e., state or nation) and not be subject to termination liability charges as long as the commitment levels are maintained.

(B) Commitment Level

All eligible special access rate elements for a given circuit (channel termination, channel mileage termination (fixed), channel mileage facility (per mile), multiplexing or ring connection and ring transport) must be ordered for the same commitment period with the same service date for the same customer. A customer establishes a TDP by committing all or a portion of their in-service channel terminations and/or multiplexers to a minimum term of 1 year\* up to a maximum term of 5 years. During the term of the selected TDP, the customer must maintain an in-service commitment threshold of not less than 90% nor more than 130% of the committed channel terminations and/or multiplexers.

\* One and two year term discount plans are limited to existing plans for existing customers as of July 8, 2000. Existing plans include only those channel terminations and/or multiplexers committed as of July 8, 2000. Customers may not rearrange existing circuits or commit new circuits to a one or two year TDP after July 8, 2000. Existing one and two year customers will not be subject to minimum commitment thresholds or termination liability charges.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(B) Commitment Level (Cont'd)

As long as a customer's actual in-service level of channel terminations and/or multiplexers remains within the commitment threshold, the customer will be billed the TDP rate for all eligible rate elements. Additionally, if a customer's in-service level exceeds the initial in-service level by no more than 30%, the customer will be billed the TDP rates for all eligible rate elements. For example, the customer has 200 DS1 channel terminations and/or multiplexers and elects to commit 150 channel terminations and multiplexers to a 2 year TDP. The customer will be billed TDP rates as long as the in-service level of channel terminations and/or multiplexers is equal to or greater than 135 (90% minimum threshold) but not more than 195 (130% maximum threshold).

If the customer's in-service request exceeds the initial service level by more than 30%, the customer will be billed the month-to-month rate for all facilities above the upper limit of the commitment threshold. If the customer's in-service level falls below the minimum commitment threshold, the customer will be billed for the minimum commitment level of channel terminations and/or multiplexers at the TDP rate. For example, a customer whose minimum commitment threshold is 135 channel terminations and/or multiplexers, but only has 125 in-service, will be billed the TDP rates for 135 channel terminations and/or multiplexers and all associated rate elements. The TDP rates billed will be based on the most recently disconnected facilities.

Although the commitment level is based upon channel terminations and/or multiplexers, the following rate elements will receive TDP rates:

Channel Mileage Facility (per mile)  
Channel Mileage Termination (fixed)  
Multiplexing  
Channel Termination  
Ring Connection  
Ring Transport

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(C) Ordering Provisions

The customer must order a TDP in writing to the Telephone Company. A TDP may be ordered based on the following plan options.

1 Year\*  
2 Years\*  
3 Years  
5 Years

Customers who subscribed to a TDP with a commitment period of other than 1 year\* (12 months), 2 years\* (24 months), 3 years (36 months), or 5 years (60 months) prior to September 4, 1999 will have until March 4, 2000 to convert to a new TDP. If the customer does not select a new TDP, the rates will convert to the prevailing month-to-month digital data, DS1, DS3 or Shared SONET Ring rates set forth in Sections 7.5.7, 7.5.8 and 7.5.11 following. No termination liability charges will apply for this conversion.

The customer must specify the plan and the length of the service commitment period and commitment level. The customer agrees to a minimum service commitment level per service per committed area (i.e., state or nation) in effect at one time. For example, a customer that has a state specific or nationwide 3 year plan in effect for DS1 service may not establish a second 3 year DS1 TDP for that area until the current TDP expires. Once the plan is established, and commitment levels are agreed upon, standard access ordering procedures will be followed.

When a customer converts to a TDP, no access order charges are applied toward facilities in-service at that time. If a customer moves from a month to month plan to a TDP, or upgrades from one TDP to another, no access order charges are applied.

\* One and two year term discount plans are limited to existing plans for existing customers as of July 8, 2000. Existing plans include only those channel terminations and/or multiplexers committed as of July 8, 2000. Customers may not rearrange existing circuits or commit new circuits to a one or two year TDP after July 8, 2000. Existing one and two year customers will not be subject to minimum commitment thresholds or termination liability charges.

## ACCESS SERVICE

7. Special Access Service (Cont'd)

## 7.4 Rate Regulations (Cont'd)

7.4.11 Special Access Term Discount Plan (Cont'd)(D) Service Rearrangements

When a circuit committed to a TDP is rearranged as set forth in 7.4.1(C)(3) preceding, the nonrecurring rearrangement charge associated with the month-to-month rates for that service will apply. Changes in the type of service or service termination are treated as disconnects and starts, and the nonrecurring installation charge associated with the month-to-month rates for that service will apply. Changes in the physical location of the point of termination are treated as moves, as described in 7.4.5 preceding, and will be assessed the nonrecurring charge associated with the month-to-month rates for that service.

(E) 90 Day Review Period

No adjustments in monthly billing for a TDP, for being above or below the commitment threshold described in (B) preceding, will take place until 90 days after Telephone Company written notification to the customer that the commitment threshold has been exceeded or has not been met. This will ensure that customers will not be penalized for aberrations in channel termination and/or multiplexer counts caused by timing differentials in disconnection and installation.

Customer's bills will not be adjusted for being outside the threshold described in 7.4.11(B) preceding during the 90 day review period. Additionally, customers will continue to be billed the adjustments (following the 90 day review period) for being outside the described threshold until the commitment level is met or re-established. A new 90 day review period will be initiated if the customer's actual in-service level subsequently falls outside the described threshold.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(F) Increasing the TDP Commitment Level

Customers may increase their commitment level at any time by notifying the Telephone Company in writing. An increase in the commitment level will not change the expiration date of the TDP.

When a commitment level is increased, the actual in-service channel termination and/or multiplexer level at the time of the increase will be used to calculate the new commitment threshold as described in Section 7.4.11(B) preceding.

Upon written notification to the Telephone Company, customers may elect to have all future channel terminations and/or multiplexers installed during a commitment period automatically placed on the designated TDP.

Customers may request, upon written notification to the Telephone Company, that the Telephone Company automatically increase the customer's TDP commitment level when the 130% commitment threshold, as set forth in 7.4.11(B) preceding, is exceeded. The adjusted commitment level will be the actual channel terminations and/or multiplexers in service under the TDP at the time the 130% threshold is exceeded. The expiration date of the customer's TDP will not be affected by this change.

The customer may rescind its request to automatically add future channel terminations and/or multiplexers, or to automatically increase its commitment level when the 130% threshold is exceeded, by notifying the Telephone Company in writing.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(G) Decreasing the TDP Commitment Level and Termination Liabilities

Customers may only decrease their commitment level by paying termination liability charges on the number of channel terminations and/or multiplexers by which the commitment level is decreased. Termination liabilities will apply to applicable services covered by the TDP. For example, a customer has a commitment level of 150 channel terminations and/or multiplexers. The customer then decreases its commitment level to 125. The customer must pay a termination liability on the most recently disconnected 25 facilities, inclusive of all associated rate elements as listed above.

If a customer disconnects any portion of their TDP service prior to the expiration of the commitment period, the customer will be billed 50% of the monthly TDP charges for the remaining portion of the committed term. For example, a customer disconnecting in the 12th month of a 3 year plan will be charged 50% of the remaining 24 months of billing.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(H) Rate Changes

In this section, the term "rate" refers to the charges associated with the entire circuit covered by a TDP. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP. If a Telephone Company initiated rate increase causes a customer's rates to increase by 10% or more at any one time, the customer may cancel the TDP without incurring termination liability charges.

(I) Extension of a TDP Commitment Period

TDP commitment periods can be extended by the customer at any time during the term of the plan, up to a maximum of 5 years. The number of months accrued in the current plan will apply toward the new plan selected. For example, a customer having completed 15 months of a 3 year commitment can extend the commitment to 5 years and no additional charges will be assessed. The first payment will be considered the 16th payment under the new 5 year plan.

(J) Upgrading a TDP Service

When a customer upgrades a digital data service being billed TDP rates to a DS1 service, the digital data TDP commitment level will be reduced at the customer's request (up to a maximum of 24) and no termination liability charge will apply. If the same customer has a TDP for DS1 service, the DS1 TDP commitment level will be increased if the customer requests that it be increased. When a customer upgrades a DS1 service being billed TDP rates to a DS3 service with the same termination points, the customer's DS1 TDP commitment level will be reduced at the customer's request (up to a maximum of 28) and no termination liability charge will apply.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(J) Upgrading a TDP Service (Cont'd)

When a customer upgrades a DS1 or DS3 service being billed TDP rates to a Gateway SONET Ring, OptiPoint service, or Sprint SONET Ring Service<sup>sm</sup>, the customer's DS1 or DS3 TDP commitment level will be reduced at the customer's request by an amount equal to the number of DS1 or DS3 special access circuits that are migrated to the Gateway SONET Ring, OptiPoint service, or Sprint SONET Ring Service<sup>sm</sup>. Termination liability charges will not apply to upgrades if the Gateway SONET Ring, OptiPoint service, or Sprint SONET Ring Service<sup>sm</sup> commitment period is greater than or equal to the existing TDP commitment period.

November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(K) Renewal of a TDP

At the end of the TDP service commitment period, the customer may subscribe to a new TDP at the prevailing rates set forth in Section 7.5.10 following. If the customer does not select a new TDP, the rates will convert to the prevailing month-to-month digital data, DS1, DS3 or Shared SONET Ring rates set forth in Sections 7.5.7, 7.5.8 and 7.5.11 following. The customer will have a 90 day grace period to renew their TDP before month-to-month rates will be assessed.

(L) Cancellation Charges

When a customer cancels an order for special access services being provided under a TDP, cancellation charges, as set forth in 5.2.4 preceding, will be calculated using the nonrecurring charges associated with the month-to-month rates for the service being cancelled.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.12 Shared SONET Ring Service

The rates and charges for SSRS are as set forth in Sections 7.5.10 and 7.5.11 following, and are in addition to any applicable rates and charges set forth in other sections of this tariff. There are two types of rates and charges that may apply to SSRS. These are monthly recurring rates and nonrecurring charges, both of which are billed in advance.

- (A) Monthly rates are flat recurring rates that apply each month or fraction thereof that a specific rate element is provided regardless of the amount of usage. For billing purposes, each month is considered to have 30 days.
- (B) Nonrecurring charges are one-time charges that apply for a specific work activity (i.e., installation). Nonrecurring charges may apply to each SSRS installed.
- (C) The minimum service period for SSRS is one month. Customers may migrate existing DS1 and DS3 special access services to the SSRS without incurring service rearrangement charges. Once existing DS1 and DS3 special access services are migrated to SSRS, customers will be billed for SSRS and will no longer be billed for DS1 and DS3 special access once the DS1 and DS3 special access services have been ordered to be disconnected.
- (D) The service performance maintenance guarantee, as set forth in Section 2.4.4(B)(7) preceding, also applies to SSRS.

ISSUE DATE:

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.12 Shared SONET Ring Service (Cont'd)

- (E) When SSRS is used for both interstate and intrastate traffic, the SSRS is to be classified as 100% interstate when the lines carry more than a de minimis amount of interstate traffic. Interstate traffic is deemed to be de minimis when the interstate traffic amounts to ten percent (10%) or less of the total traffic on an SSRS. The certification requirements set forth in Section 2.3.13 preceding also apply to SSRS.
- (F) Term discount plans are available for DS1 and DS3 services offered under SSRS. For purposes of determining the term discount plan commitment level, an SSRS ring connection equates to a special access channel termination. The rates and charges for SSRS term discount plans are set forth in Section 7.5.10 following.
- (G) In situations where facilities do not exist for the provision of SSRS within the available serving areas, special construction charges, as set forth in Section 14 following, may apply.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.13 Multiplexed Access Service Connection (MASC)

Multiplexed Access Service Connection (MASC) will be charged per connection per central office where the service is performed. If MASC is provided between two Telephone Company offices where multiplexing is performed, channel mileage (termination and per mile) for the lower speed service will apply between the two central offices, along with one MASC charge per connection per central office.

If two customers are involved, one customer will be responsible for the entire billing of the MASC. The responsible customer must obtain a Letter of Authorization (LOA) from the second customer and submit it to the Telephone Company along with the channel assignment information for the lower speed services being connected.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.14 Gateway SONET Ring Service

The rates and charges for Gateway SONET Ring Service (GSRS) are set forth in Section 7.5.13 following, and are in addition to any applicable rates and charges set forth in other sections of this tariff. The applicable rates for GSRS are monthly recurring rates which are billed in advance.

- (A) Monthly rates are flat recurring rates that apply each month or fraction thereof that a specific rate element is provided regardless of the amount of usage. For billing purposes, each month is considered to have 30 days.
- (B) The service period for GSRS is three or five years. All GSRS commitments will begin in month one. If the customer requests that service be disconnected prior to the expiration of the three or five year service period selected, a 50% penalty will be assessed for the remaining months of the service period. For example, a customer disconnecting in the 12th month of a 3 year plan will be charged 50% of the remaining 24 months of billing.

Customers may upgrade existing GSRS Entrance Ring Connections (ERCs) from OC12 to OC48 prior to the expiration of the three or five year service period without penalty. An upgrade of the ERC requires that the customer start a new service commitment period beginning in month one. The new service commitment period must be equal to or greater than the service period in effect at the time of the upgrade.

Additionally, customers may discontinue GSRS, without penalty, should the monthly recurring rates increase by 10% or more at any one time. Rate decreases will automatically be applied to the monthly recurring rates for the remainder of the service period. If the customer does not specify renewal terms in writing 90 days prior to

the expiration of the three or five year service period, the GSRS rates in effect at the time of expiration will automatically continue. The customer can terminate GSRS at the end of the three or five year service period with no penalty or obligation to continue the service.

(C) The service performance maintenance guarantee, as set forth in Section 2.4.4(B)(7) preceding, also applies to GSRS.

(D) Special construction charges, as set forth in Section 14 following, may apply in the following situations.

- (1) Entrance Ring Connection mileage exceeds Band 3 (60 miles) maximum;
- (2) The customer requests a customized physical SONET ring dedicated to transmitting a specific end user customers traffic; or
- (3) Bandwidth is needed that exceeds currently tariffed levels.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations Cont'd)7.4.15 OptiPoint Service

The rates and charges for OptiPoint service are set forth in Section 7.5.8 following and are in addition to any applicable rates and charges set forth in any other sections of this tariff. Monthly recurring rates applicable for OptiPoint service are billed in advance. A nonrecurring service upgrade charge as described in Section 7.4.1(C)(3) preceding may also apply to OptiPoint services.

- (A) Monthly recurring charges are flat recurring rates that apply each month or fraction thereof that a specific rate element is provided regardless of the amount of usage. For billing purposes, each month is considered to have 30 days.
- (B) OptiPoint service is available for a minimum commitment period of three or five years. If the customer requests that service be discontinued prior to the expiration of the three or five year minimum commitment period, a 50% penalty will be assessed for the remaining months of the term. For example, if a customer who has selected the three year option terminates service in month 12, they will be charged 50% of the remaining 24 months of billing. Additionally, customers may discontinue service, without penalty, should the monthly recurring rates increase by 10% or more at any one time. The Federal Government and its authorized agents are exempt from the 50% penalty charge if service is discontinued prior to the expiration of the three or five year minimum commitment period. Penalty charges will not apply to customers who elect to upgrade to Gateway SONET Ring Service if the minimum commitment period selected is equal to or greater than their OptiPoint minimum commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the three or five service period, the commitment period and OptiPoint rates in effect at the time of expiration will automatically renew. The customer can terminate OptiPoint service at the end of the minimum commitment period with no penalty or obligation to continue the service.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan(A) General

The Premier Term Discount Plan (PTDP) applies to Special Access Voice Grade Service, monthly Program Audio Service, Digital Data Service, High Capacity Fractional DS1 Service, and High Capacity DS1 (1.544 Mbps) and DS3 (44.736 Mbps) Service. The PTDP provides the customer with discounted rates for the services listed. The customer agrees to commit 100% of their existing and future special access services ordered from the Telephone Company on a national basis for a five year commitment period when the PTDP is established.

The following rate elements will be eligible for PTDP rates:

Channel Termination  
Channel Mileage Termination (fixed)  
Channel Mileage Facility (per mile)  
Multiplexing

The commitment level will be based on special access circuit quantities determined by the Telephone Company's billing records and mutually agreed upon by the Telephone Company and the customer. The commitment level will be based on DS1 equivalent circuits, by state, and updated annually. If the customer's circuit quantity falls below 95% of the state specific commitment level in a consecutive 60 day period, a shortfall penalty as set forth in (C) following is applicable.

ISSUE DATE:  
November 15, 2000

Vice President-Regulatory Affairs  
6360 Sprint Parkway  
Overland Park, Kansas 66251

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan(A) General (Cont'd)

Customers who currently subscribe to the Telephone Company Term Discount Plan (TDP) or Federal Government Term Discount Plan (FGTDP), set forth in sections 7.4.11 preceding and 10.6.1(D) following, may convert to a PTDP without termination liability penalty under their existing TDP. Customers may disconnect or move special access circuits and not be subject to termination liability charges as long as the commitment levels are maintained.

(B) Commitment Level

All eligible special access rate elements for a given circuit (channel termination, channel mileage termination (fixed), channel mileage facility (per mile) and multiplexing) must be ordered for the same commitment period with the same service date for the same customer. A customer establishes a PTDP by committing all of their in service circuits eligible for the discount to a five year term. All future special access circuits ordered from the Telephone Company will be included in the plan. Circuits added to the PTDP after the plan is established will carry the plan effective date.

ISSUE DATE:  
November 15, 2000

Issued Under Transmittal No. 130  
Vice President-Regulatory Affairs  
6360 Sprint Parkway

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(B) Commitment Level (Cont'd)

The customer makes a commitment in terms of DS1 equivalent circuits based on the quantity of special access circuits in service, by state, when the plan is ordered. For purposes of the plan, DS1 equivalents will be calculated based on the following conversion table:

<u>Service</u>	<u>DS1 Equivalent Ratio</u>
High Capacity DS1	1:1
Voice Grade	24:1
Digital Data	24:1
High Capacity DS3	1:28
Fractional DS1 128.0 kbps	12:1
Fractional DS1 256.0 kbps	6:1
Fractional DS1 384.0 kbps	4:1
Monthly Program Audio	24:1

The commitment level is adjusted annually on the anniversary date of the PTDP. The adjusted commitment level must be equal to or greater than the initial PTDP commitment level.

When a customer has no Telephone Company provided special access circuits in service in a given state when the customer's PTDP is initially ordered, the DS1 equivalent commitment level for that state will be equal to the DS1 equivalents in service on the customer's next PTDP annual adjustment date. The shortfall penalty set forth in (C) following will not apply in that state until after the DS1 equivalent commitment level has been established.

ISSUE DATE:  
November 15, 2000

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(B) Commitment Level (Cont'd)

For example, a customer initiates a PTDP on March 15, 2000, but has no special access circuits in service in the state of Florida at that time. The customer subsequently orders 10 DS1 equivalent circuits in Florida during April 2000, and 15 additional DS1 equivalent circuits in Florida during June 2000. The customer's commitment level for the state of Florida will be established on March 15, 2001, the anniversary date of the PTDP, and will equal the number of DS1 equivalents in service in Florida on that date, or 25 DS1 equivalents.

During the PTDP five year term, the customer must maintain a minimum threshold of 95% of the current DS1 equivalent circuit commitment, by state. As long as the customer's actual in service level of circuits remains at or above 95% of the current commitment level, the customer will be billed the PTDP rates for all eligible rate elements. A shortfall charge, as set forth in 7.5.14(D) following, will be assessed if the customer's in service level falls below the required minimum commitment threshold.

The customer will not be penalized for circuits converting to OptiPoint, Gateway SONET Ring Service or Sprint SONET Ring Service<sup>sm</sup>. The DS1 equivalent commitment levels will be adjusted without penalty when a customer converts to OptiPoint, Gateway SONET Ring Service or Sprint SONET Ring Service<sup>sm</sup>.

(C)  
|  
(C)

Services provided to the customer on an Individual Case Basis will not be included in the PTDP commitment quantity. Shared use facilities will not receive the discount for the switched access portion of the circuit. Adjustments will be made to the commitment level for circuits that convert to OptiPoint, Gateway SONET Ring Service or Sprint SONET Ring Service<sup>sm</sup> after the PTDP is established.

July 7, 2001

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(C) Shortfall Penalty

A customer's DS1 equivalent circuit quantities will be monitored monthly. A shortfall penalty will be applicable if the circuit quantities fall below 95% of the state specific commitment level for two consecutive months. When a shortfall exists for this period, the customer will be assessed a shortfall charge for each equivalent DS1 the customer is short of the commitment. The shortfall penalty will be applied monthly until the commitment level is achieved or the customer's PTDP is terminated as set forth in (E) following. The following states are excluded from the shortfall penalty:

- Kansas
- Nebraska
- Wyoming

The shortfall penalty will be calculated for each state by subtracting the actual DS1 circuit quantity from the DS1 equivalent commitment level. The shortfall penalty will be equal to the DS1 equivalent shortfall quantity multiplied by the shortfall charge, as set forth in 7.5.14(D) following.

For example, a customer has committed 1,000 DS1 equivalent circuits to a PTDP. The customer has fallen below 95% of their commitment for two consecutive months, and now has 940 DS1 equivalents. The shortfall of 60 DS1 equivalents, multiplied by the shortfall charge of \$300, equals the monthly shortfall penalty of \$18,000. The customer will continue to be billed PTDP rates for their remaining special access circuits on the PTDP.

ISSUE DATE:  
November 15, 2000

Issued Under Transmittal No. 130  
Vice President-Regulatory Affairs  
6360 Sprint Parkway

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(C) Shortfall Penalty (Cont'd)

The shortfall penalty will be assessed on the 60th day in which a shortfall exists, and will be applied to the customer's bill in the first available bill cycle following the shortfall period. The customer's account will be monitored monthly for continued shortfall status.

(D) Ordering Provisions

The customer must order a PTDP in writing to the Telephone Company. The completed PTDP order form should include the following information:

- PTDP effective date.
- All customer Access Carrier Name Abbreviations (ACNAs) participating in the plan.
- Initial DS1 equivalent commitment levels, by state.

Once the PTDP is established, standard access ordering procedures will be followed. When a customer converts existing special access services to a PTDP, no access order charges are applicable for facilities in-service at that time.

ISSUE DATE:

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(E) Termination Liability Penalty

A termination liability penalty will be assessed if the customer cancels the PTDP prior to the expiration date of the PTDP five year commitment. If shortfall penalties are assessed for six consecutive months in the same state, the PTDP will be cancelled and termination liability penalties will apply.

A termination liability penalty will be calculated by multiplying the customer's DS1 equivalent commitment level times the remaining months in the PTDP, times the termination liability charge set forth in 7.5.14(E) following.

For example, a customer has 1,000 DS1 equivalent circuits committed to a PTDP and terminates service in month 48. The customer will be charged the remaining 12 months times the 1000 DS1 equivalent circuits committed, times the termination liability charge of \$150, for a termination liability penalty of \$1,800,000.

(F) Rate Changes

In this section, the term "rate" refers to the charges associated with the entire circuit covered by the PTDP. Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the plan. If a Telephone Company initiated rate increase causes PTDP rates to increase by more than 10% at any one time, the customer may cancel the PTDP without incurring termination liability charges.

ISSUE DATE:

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.16 Premier Term Discount Plan (Cont'd)(G) Renewal of a PTDP

At the end of the PTDP service commitment period, the customer will have 90 days to subscribe to a new PTDP at the prevailing rates set forth in Section 7.5.14 following. If the customer does not select a new PTDP, the rates will convert to the prevailing month-to-month special access rates set forth in Section 7.5 following, and will be effective as of the expiration date of the PTDP.

(H) Service Rearrangements

When a circuit committed to a PTDP is rearranged as set forth in 7.4.1(C)(3) preceding, the nonrecurring rearrangement charge associated with the month-to-month rates for that service will apply. Changes in the type of service or service termination are treated as disconnects and starts, and the nonrecurring installation charge associated with the month-to-month rates for that service will apply. Changes in the physical location of the point of termination are treated as moves, as described in 7.4.5 preceding, and will be assessed the nonrecurring charge associated with the month-to-month rates for that service.

(I) Cancellation Charges

When a customer cancels an order for special access service being provided under a PTDP, cancellation charges, as set forth in 5.2.4 preceding, will be calculated using the nonrecurring charges associated with the month-to-month rates for the service being cancelled.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.17 Sprint SONET Ring Service<sup>sm</sup>

The rates and charges for Sprint SONET Ring Service<sup>sm</sup> are set forth in Section 7.5.15, following, and are in addition to any applicable rates and charges set forth in other sections of this tariff. The applicable rates for Sprint SONET Ring Service<sup>sm</sup> include monthly recurring rates and nonrecurring charges, both of which are billed in advance.

- (A) Monthly rates are flat recurring rates that apply each month or fraction thereof that a specific rate element is provided regardless of the amount of usage. For billing purposes, each month is considered to have 30 days.

Monthly recurring rates for local, alternative central office interoffice, and internodal channels apply for each air mile increment of the channel. Air mileage is measured using V&H coordinates between nodes. Fractions of an airline mile are rounded up to the next mile. The minimum charge is one airline mile, except when the customer designated premises and the serving wire center are collocated in the Telephone Company building, or where both customer designated premises are in the same building. In those instances, the intraoffice channel monthly recurring rate would apply rather than the initial one mile minimum.

For internodal channels, monthly recurring charges apply, as appropriate, for the same serving wire center area or contiguous serving wire center areas. Monthly recurring rates for customer and central office nodes apply per node and are based upon the capacity of the ring configuration.

Monthly recurring rates for customer configuration interfaces apply for each origination and each termination of an activated DS1, DS3, STS1, STS3, OC3, OC3c, OC12 and/or OC12c at the customer node.

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.17 Sprint SONET Ring Service<sup>sm</sup> (Cont'd)

- (B) Nonrecurring charges apply for the central office and customer node configuration interface capacity reallocation rate elements.
- (C) The service period for Sprint SONET Ring Service<sup>sm</sup> is three or five years. All Sprint SONET Ring Service<sup>sm</sup> arrangements will begin in month one. If the customer requests that service be disconnected prior to the expiration of the three or five year service period selected, a 50% penalty will be assessed for the remaining months of the term. For example, a customer disconnecting in the 12th month of a 3 year plan will be charged 50% of the remaining 24 months of billing.

Customers may upgrade Sprint SONET Ring Service<sup>sm</sup> without incurring termination liability charges under the following circumstances:

- (1) The order for the disconnect of the existing Sprint SONET Ring Service<sup>sm</sup> and the order for the upgraded Sprint SONET Ring Service<sup>sm</sup> must be received at the same time.
- (2) The new Sprint SONET Ring Service<sup>sm</sup> is provided between the same customer and central office locations as the discontinued service.
- (3) The service period of the new Sprint SONET Ring Service<sup>sm</sup> is equal to or greater than the service period of the existing Sprint SONET Ring Service<sup>sm</sup>.

EFFECTIVE DATE:  
November 16, 2000

## ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.17 Sprint SONET Ring Service<sup>sm</sup> (Cont'd)

## (C) (Cont'd)

Additionally, customers may disconnect Sprint SONET Ring Service<sup>sm</sup>, without penalty, should the total of the monthly recurring rates associated with the Sprint SONET Ring Service<sup>sm</sup> increase by 10% or more at any one time. Rate decreases will automatically be applied to the monthly recurring rates for the remainder of the service period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the three or five year period, the existing Sprint SONET Ring Service<sup>sm</sup> rates in effect at the time of expiration will automatically continue. The customer can terminate Sprint SONET Ring Service<sup>sm</sup> at the end of the three or five year service period with no penalty or obligation to continue the service.

(D) Special Construction charges, as set forth in Section 14 following, may apply where facilities and/or operating conditions do not permit the provision of Sprint SONET Ring Service<sup>sm</sup> and the customer desires the Telephone Company to provision the Sprint SONET Ring Service<sup>sm</sup>.

Customers may be required to pay special construction charges when a four fiber optical service configuration is requested in lieu of the two fiber UPSR topology for Sprint SONET Ring Service<sup>sm</sup>.

Where dual entrance facilities currently exist to a customer premises, special construction charges will not be assessed when the customer requests connection at both entrance facilities.

Due to technical limitation of SONET equipment, additional electronics are required at a customer or central office node when mileage configurations exceed 66 miles. In such situations, the customer will be charged for the additional electronics on an individual case basis.
